MATH 2010E ADVANCED CALCULUS I
HOMEWORK 1

WING HONG TONY WONG

Due at 5pm on Friday, 15$^{\text{th}}$ May, 2015

When you work on homework problems, please do not simply write down the numerical answers, but also the **step-by-step deduction** for each problem. In your homework, mid-term and final exam, your step-by-step deductions will take up an important proportion of your final scores.
