## **Uniqueness theorems for non-compact mean curvature flow with possibly unbounded curvatures**

*Professor John Ma*  
Rutgers University

Abstract: In this talk, we discuss uniqueness results for mean curvature flow of non-compact manifolds. In particular, we use an energy argument to prove uniqueness theorems for mean curvature flow with possibly unbounded curvatures. This is a joint work with Alan Man Chun Lee.

Date: 26 July 2018 (Thursday)  
Time: 10:30 a.m. – 11:30 a.m.  
Venue: Room 222, Lady Shaw Building,  
The Chinese University of Hong Kong, Shatin

*All are Welcome!*
