Seminar

(Part of MIST 2020)

Representation Theory Through the Looking-Glass

Dr. Michael McBreen

Aarhus University & Harvard University

Abstract

I will discuss what physical dualities such as mirror symmetry and symplectic duality can tell us about representation theory in finite characteristic, and sketch a number of open questions in this direction. I will touch on joint work with R. Bezrukanikov, B. Gammage and B. Webster.

Date: 22 January 2020 (Wednesday)
Time: 2:30pm – 3:30pm
Venue: Room 219, Lady Shaw Building,
The Chinese University of Hong Kong, Shatin

All are Welcome
