# NVAITC-MATH4AI Summer Student ambassador program

## Talent Searching

Aim and Scope

- The goal is to drive a deep mathematical understanding on artificial intelligence.

- Searching talent to participate in the research of mathematical theory on artificial intelligence and drive AI innovation through mathematical theory.
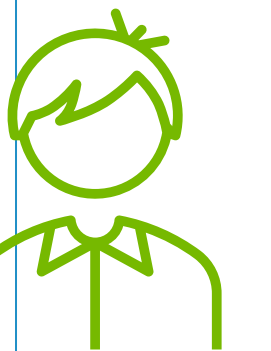

Website for Math4AI

Deep Learning Researcher
Explore mathematical theory of AI and new network architecture.

NVAITC member mentorship
Participant in NVAITC-MATH4Ai project under NVAITC member supervision

Testimonial Letter
Receive testimonial letter after completed NVAITC-MATH4Ai project and conduct sharing session in NVIDIA

NVIDIA.
